

February 10, 2017

Dear Windridge Resident,

We are in the process of improving our communication process. One of the ways that we will be communicating emergency and important information is through text messaging.

Utilizing text messaging will allow us to quickly communicate messages like water outages and security concerns quickly to your cell phone. This will also allow you to respond quickly to these messages if you have important information.

If you wish to be added to the text message communication we will need your 10 digit cell phone number and cell phone carrier company name.

Please provide this information on the line below. We do not intend to share this information with others. This information will be used for Windridge business only.

Doug Beyers  
Property Manager  
Windridge Co-Owners Association

Example:

Resident #0 Name: John Doe

10 digit Cell number: 317 1234567 Phone Carrier Name: Verizon
